## 🔥 What We Stand for at Spartan Firearms Training Group, LLC 🔥

If you're thinking about training with us--man or woman, young or old, race or culture, and gender identity--here's what you can expect—and what we expect in return:

- 🙏 We start every live-fire range day with a blessing to protect our customers and instructors.
- ✅ We enforce safety rules every single time. No exceptions.
- 🚫 We have zero tolerance for bullying, arrogance, or sexist nonsense.
- 😬 We understand that being around guns can be intimidating—especially at first. We're here to support you, not judge you or make fun of you.
- 🎯 We believe in learning by doing, especially during our live-fire range sessions.
- 💡 In the classroom, we ask questions, encourage input, and keep things grounded in reality.
- 🔫 We want you to take the training seriously... but also enjoy yourself while doing it.
- 🛡️ We start slow for brand-new shooters, then gradually ramp up as your confidence grows.
- 💪 Our team brings a ton of skill and experience—but we don't do the chest-pounding tough-guy act. Ever.

We're proud of what we've built, and we're pretty damn good at what we do.

Come train with us. You'll leave sharper, safer, and more confident.
