

THE SPARTAN STANDARD™

SPARTAN FIREARMS TRAINING GROUP

www.spartanftg.com

✦ Five foundations of the responsible armed citizen. ✦

1

LEGAL CLARITY

Know what Maryland law allows, what it does not allow, and what decisions will be judged after the fact.

SAFE GUN HANDLING

Competence begins with safety, discipline, and repeatable habits.

2

3

DEFENSIVE SKILL

Shooting is only one part. Movement, judgment, awareness, communication, and medical response matter.

RESTRAINT UNDER STRESS

The best outcome is often avoiding the fight, de-escalating, escaping, or holding a strong point.

4

5

MORAL RESPONSIBILITY

Carrying is not about power. It is about protecting innocent life.

THE RESPONSIBLE ARMED CITIZEN IS GUIDED BY
JUDGMENT, DISCIPLINE, RESTRAINT, AND PROTECTION OF INNOCENT LIFE.

SPARTAN FIREARMS TRAINING GROUP

★ — Responsible Armed Citizen-Guardians™ — ★

WHY THIS STANDARD MATTERS

The Spartan Firearms Training Group is for responsible and legally qualified citizens who understand that carrying a firearm is not about power. We help citizens become safe, lawful, disciplined armed citizen-guardians™.

Remember, a permit is not just about preparation. Carrying a firearm requires legal clarity, safe handling, defensive skill, restraint, moral responsibility, and protecting innocent life.

The Spartan Standard™ exists to move people from simply being armed to being prepared, disciplined, legally aware, morally grounded, and worthy of the responsibility they carry.

The purpose of The Spartan Standard™ is to define what Spartan Firearms Training Group believes a responsible armed citizen should become. For us, it is not just a slogan; it is a standard of conduct that does **five important things:**

IT DOES FIVE IMPORTANT THINGS:

1

It sets expectations.

2

It separates us from ordinary firearms training.

3

It gives our customers a framework for their training.

4

It reinforces responsibility over ego.

5

It serves as a promise.
